

## Global Connection International

Dear Friend of the GCI Ministry,

Although we do not have an active ministry in Haiti, we have been contacted by several donors who have sought our advice on how they might contribute to the great needs in Haiti. Forty (40) years ago I met the leaders of Christian World Outreach who have been working in Haiti since 1979. We have great confidence in this ministry and have notified them of our desire to partner with them during this hour of need.

This picture provides evidence of one of the greatest needs. Most hospitals were destroyed and every clinic is filled beyond capacity.

Here are the needs we are working on.

- **Medicine and medical supplies**
- **Water**
- **Food supplies**
- **Tents**
- **Cots and light blankets**
- **Hygiene supplies**
- **46K Generator**

In addition, we are purchasing a supply of **Sawyer Water Filters** that will provide clean water for up to 10,000 people per day.

Before the earthquake, only 15 flights per day landed in Haiti. With the help of the USA, the Haiti airport is now able to handle 100 flights per day. **Because of this, our goal is to air ship these supplies to Haiti as soon as possible.**

Christian World Outreach lost several of their staff to the earthquake. Their primary building which serves as a school was not damaged. This building will be turned into a temporary medical clinic. Several doctors are available to provide help to hundreds of people.

One of our Board Members, Dr. Billy Kim has raised \$20,000.00 through the people who listen to Far East Broadcasting Company in South Korea. These funds will reach us this week and be provided to Christian World Outreach.

Should the Lord lead you to provide a gift of love, your funds will be added to the FEBC gift and forwarded to Haiti during this desperate hour of need.

Yours for the cause that counts,

Jim Groen
